

TASK-4

PART A : Professional email drafts

Email 1 : Requesting an extension(Student to Professor)

From : jenith.cse2025@vitbhopal.ac.in

To : professor.cse2025@vitbhopal.ac.in

Date : March 30 , 2026

Subject : Request for Extension on C++ Assignment

Dear Professor,

I hope you are doing well.

I am writing to kindly request an extension for the C++ assignment, which is currently due on March 31, 2026.

Due to an unforeseen technical issue with my development setup, along with a recent bout of seasonal flu, I have fallen slightly behind schedule. I am dedicated to submitting quality work that reflects my understanding of the course, and a short extension would help me meet those expectations.

If possible, may I submit the assignment by April 2, 2026, at 2 : 00 PM? I have attached my current progress and initial architecture diagrams to demonstrate that the core work has already been completed.

Thank you for your time and consideration.

Best regards,
Jenith Sharma

Email 2 : Expressing interest in an internship (Student to Coordinator)

From : jenith.cse2025@vitbhopal.ac.in

To : hr.internship@techcorp.ac.in

Date : March 30 , 2026

Subject : Application for summer Internship

Dear Internship Programs Team,

I hope this message finds you well.

My name is Jenith Sharma, and I am currently a first-year B.Tech student in Computer Science and Engineering at VIT Bhopal University.

I am writing to express my interest in a summer internship opportunity with your Software Engineering team.

I have been closely following your organization's recent work in serverless technologies and scalable cloud systems. With my foundation in C++ programming and growing interest in cloud deployment strategies, I am enthusiastic about contributing to your team while gaining practical industry experience.

I have attached my resume and GitHub portfolio for your consideration. I would greatly appreciate the opportunity to further discuss how my skills and academic experience align with your team's goals.

Thank you for your time and consideration.

Best regards,
Jenith Sharma

PART B : SOCIAL MEDIA RESPONSIBILITY CHECKLIST

Do's	Don'ts
Audit your privacy settings regularly to know who can see your personal posts.	Post confidential information like student ID, home address, or private project details.
Use a professional profile picture and clear bio on LinkedIn to build a positive brand.	Engage in "cyber-venting" or posting complaints about professors, peers, or staff.
Verify information before sharing to prevent the spread of "fake news."	Plagiarize or share copyrighted material without proper attribution.
Network with industry professionals and alumni in relevant tech groups.	Post content depicting illegal activities or university policy violations.
